The many facilities afforded us by hospital and private practice, in this and foreign countries, war rant us in assuring those who are suffering from disease that our treatment is attended with unusualy favorable results, for to know the disease is half the cure. MANASSAS GAP RAILROAD .- We mentioned last Saturday, that the Harrisonburg papers were complaining of the slow progress of the Manassas Gap Railroad. The people in that region are naturally anxious, and somewhat impatient to see the road brought to Harrisonburg. But we expect that, in as far as any censure of the President, Directors, or Engineer of the Company is concerned, injustice has been done. The managers of the Road are deeply interested and concerned in its progress, and it is, doubtless, their pleasure as well as their duty, to asm. push it forward with all the expedition in their power. We have no authority, whatever, for any statements on the subject; but we know that the work now in progress is a very heavy and difficult one; and we know, will be to appoint delegates to represent moreover, that, from past experience, every Georgia in the adjourned Convention at Balthing possible is and will be done, to push timore. forward, and move onward. The President, Directors, and Engineer have every reason to expedite the work, and we are certain, that they are now doing all that they can, to have it completed to Harrisonburg, as speedily as possible. They have had great

FOUND DEAD .- A Coroner's inquest was made on Friday, into the cause and circumstances of the death of a Mr. G. D. Noble, of New York, which took place that morning at Emerich's European Hotel, in Washington. The deceased came to Washington on the 6th of April, and stopped at Willards' Hotel, which he left on the 13th, and took up his stay at Emerich's, under the name of Davis. The testimony of Dr. Holston, showed that he died from taking an excess of elixir of opium. It is probable he had also been using citrate of morphia in large quantities. The articles produced as found on the person of deceased, besides a gold watch and chain, were merely two sleeve links, gold studs, &c., and less than two dollars in money. Capt. Goddard gave some testimony, showing that the whereabouts of the deceased was anxiously desired by his friends in New York, who are among the most wealthy of the citizens of that city. and that they had offered a reward of \$250 with such distinctness as to be well understood. He also denied on Thursday evening that Noble was in his house. This he
